“There are so many excellent clubs; I never thought there would be a Crochet Club, I thought all clubs would involve sports.

I personally really enjoy the 5-Minute read at the start of English.”

“The lunch queues look long, but they go down fast so I have time to get food and talk to my friends on the year 7 area.

My favourite lesson is Science with Miss Chase.”

“I found starting school extremely exciting, I got to meet new people and learn new things.

Before transition I was quite nervous about starting a new school but, thanks to all the kind teachers, I couldn't wait to go back!”

“The teachers are very kind and supportive. With so many people around you it’s easy to make friends.

There are many clubs that you can get involved in.

My advice to you is, don’t worry about anything.”

“When I first came to Hessle, I was a bit nervous because I didn’t think I’d find my way around.

Until I remembered from the transition week, that when there's a G it's for Ground floor, F for First and S for Second floor. So then I knew I wouldn't get lost.”

“I have found being at Hessle very easy since the teachers and other students are so kind and help me a lot.

I have made so many friends, way more than I expected.

I have also found so many more subjects which I didn't like before to be fun.”

“So far Hessle High School has been great. The main thing I was worried about was food, but it’s nice, cheap and there is food for vegetarians and meat lovers.

Also the breaks may seem short, but it is enough time to eat and chat. I have already made four new friends.”

“All my teachers are nice, it’s as if they are trained to be, Mrs Todd is the funniest person I know, I want her next year for English.

I was worried about getting lost but with the tour from transition I never got lost.

This school is amazing, and you don’t have to be sporty or anything, there is a club for everyone.”

“Starting Year 7 was really difficult for me. I thought that all my friends would move apart, and another thing I was worried about was not understanding the work, but it was the complete opposite. I love the lessons (especially Drama) and, I now have new amazing, lovely friends and I couldn’t be more pleased.”

“I have enjoyed walking along the corridors and having different teachers. Most of my friends have gone to other schools and there were only 3 of us coming to Hessle.

I feel so happy at Hessle I can't imagine being in another school. Hessle High has made me feel special.”

“I'm glad I made the choice for Hessle High because I can't imagine being anywhere else now.

In the short time I have been here I have learnt many new topics.

The size of the school is large, and you feel like you're going to get lost, but I haven't.”
